

Property Services and Office Management

Expanding your operations overseas? Looking for a new office property or planning to set-up another office in a different location.

We can help you locate office properties in different regions of India and UK. We will ask you to fill a simple requirements form for us and we will get our network of property specialists working on it. We can organize facility visits and can help you with the legal and paper work.

If You Are Interested In Developing A New Facility, We Can Put You In Touch With Property Developers, Local Government Authorities And Also In Getting Planning Permissions.

Similarly, if you are planning to increase your headcount, our recruitment specialist can help you organize interviews and take care of the entire hiring process. If you are planning to outsource your facilities management and focus on your core business, please contact us for selecting the right partner/specialist.

We also represent free zones and special economic zones in India and abroad to attract foreign investors in these large projects. If you planning to set-up a representative office in foreign country or conduct road shows to increase awareness ad attract investors, please contact us at info@intadc.com.
